### 1. Update on Selected Income-Based Federal and State Programs

The Maryland Department of Aging periodically informs the Aging Network about changes in eligibility criteria for various income-based Federal and State programs that can benefit seniors. This memorandum is to alert you to eligibility criteria changes. Changes appear in **boldface** type and are shaded in gray on the attached chart.

*Please note:* the attached chart shows income criteria for “individual” and “couple” households. For larger households, eligibility criteria may be obtained from the individual programs.

Dates for eligibility level changes vary by program and are noted on the chart. Occasionally changes in existing programs are implemented on other dates, or new programs are instituted; in those cases, we endeavor to publicize the information as soon as it is available to our Department. Please check our main web page, [www.aging.maryland.gov](http://www.aging.maryland.gov), periodically for the latest memo and chart. **On the left side of the page, look under “Quick Links,” and click on Eligibility Memo.** In the past, within a calendar year, changes have generally occurred on or about January 1, March 1, July 1, and October 1.
